INTRODUCTION

Started in 2016, Yomindia has transformed itself into a Private Limited Company in 2021, M/s. Yomindia Power Pvt Ltd has recorded growth in its operationsto meet increasing demand for manufactured components and solutions. Manufacturing Facility spread in Constructed area of 48,000 square feet of modern manufacturing space Located at Unit 1&2 - Khed-Shivapur, Pune-Bangalore Highway, Maharashtra India. Yomindia Power PvtLtd employs highly skilled people with experience using a broad range of manufacturing processes and materials. Yomindia Power Pvt Ltd specializes in the fields of design, manufacturing, acoustic & ventilation solutions, and a wide range of turnkey projects. For products where quality and visual appearance is critical, Yomindia Power Pvt Ltd excels. Equipped with latest Laser cutting machine, Yawei make turret punching machine, CNC Bending machines and design software's enable the company to minimize prototyping and maximise production. The just in time manufacturing and minimized inventory practices have ensured that the customer expectations have been consistently improved. Repeated investments have ensured success in the many projects undertaken by the company.

MT

VISION: Engineering for Sustainable Growth of the Global Community

- Yomindia Power Pvt Ltd to Be "A First Choice of our Esteemed Customers" for their requirements of Infrastructural Sheet Metal & Acoustic. Develop in house End-to-End expertise in Developments, Design, and Manufacturing and on-site Sheet Metal Products.
- To consistently improve the quality of products offered to the Customer through innovative and advanced manufacturing processes, supplemented by world-class services to complement and support the diverse customer portfolio and be a leader trend settler and technology front-runner in providing sheet metal and acoustic solutions crafted to customer requirement.

MISSION: Global Leading Engineering Partner

► Yomindia Power Pvt Ltd believe in providing end to end solution to our customers ensuring best quality products & service excellence.

GROUP VALUE: Integrity, Creativity, Diversity, Learning, Team

QUALITY POLICY:

- We at Yomindia Power Pvt Ltd are totally committed to enhancing customer satisfaction by providing them quality products and services, always on time meeting Customer requirements and specifications.
- While achieving this we as a team shall continually improve our quality management systems, processes, investments in research, development, training of employees, adopting the latest technology and safety standards to provide the product in a costeffective manner.

ENVIORMENTAL POLICY :

Yomindia Power Pvt Ltd is dealing in various products related to canopies for Gensets, control panels, heavy-duty storage equipment and acoustics for various equipment's used in industry.

- Matters pertaining to environment, occupational health and safety are an integral part of Yomindia Power Pvt Ltd total operations. Continual improvements achieved in these areas by controlling the processes causing environmental impacts and health safety hazards and by setting and reviewing the objectives. We consider that the greatest effect achieved is through preventive action.
- We adhere to an approach that results in long term sustainable development. Consequently, we strive for high efficiency in the use of energy and natural resources, promote systems for recovery and recycling of materials and work to prevent & minimize the contamination.
- We strive to offer safe and healthy working conditions that simulate employees to perform effectively assume responsibility & continue to develop in their personal and professional pursuits.
- We shall comply with or exceed environmental, occupational health and safety requirements set by applicable laws, ordinances and company law guidelines. We consider that common and environmentally effective requirements and standards should be established at an international level.
- We will encourage our suppliers; contractors adopt our environment, occupational health and safety policy principles.
- We will communicate this policy to all concerned and make it available to other interested parties on request.

The world continues to gallop towards perfection at an extraordinary pace. Every new project is larger in scale and complexity than its predecessor, thereby posing greater challenge

Surmounting these challenges needs reliable solutions and that is exactly what WE, at **YomIndia Power** do. We deliver SOLUTIONS

Our capabilities reach beyond the ordinary and we deliver what most would call 'impossible'... hitherto neither imagined nor Achieved.

Welcome to the world of Yom India Power. Experience our strengths and commitment to overcome challenges. Partner us in your endeavours and benefit from SOLUTIONS that we bring to you

YOMINDIA POWER PVT LTD

In its 1-decade long journey YomIndia Pvt. Ltd. has brought to life prestigious projects YomIndia initiated activity in the Design services sector. Encouraged by the growth potential in India, YomIndia launched its Manufacturing Engineering in 2018.

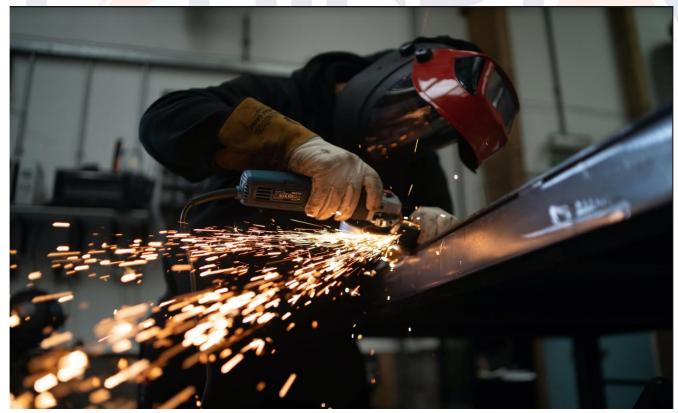

YomIndia today is a professionally managed corporate entity undertaking Engineering, Procurement and Construction (EPC) contracts on lump-sum turnkey basis. Our 'Customer First' approach coupled with the flexible strategy has helped us to align ourselves to meet the true requirement of our clients while executing Project Management Consultancy (PMC) assignment.

YomIndia is known for delivering comprehensive solutions that are practical and sustainable.

YomIndia has scripted various success stories in the challenging Indian business environment, with operations spread across sectors such as Defence, Power, Oil & Gas, Infrastructure and Industrial solutions.

With its 200+ dedicated Professionals from various fields, YomIndia enjoys a coveted position amongst its peers. This has also led to the growing stature of YomIndia ,extending engineering services to YOMINDIA Manufacturing Company.

We work towards "Engineering for Sustainable Growth of the Global Community" and commit ourselves towards contributing positively to the society at large.

Key Differentiators

YomIndia has not just surpassed its competition. It has created a niche by setting unparallel standards in various sectors. The key factors that give us the thrust to excel, include:

Our Flexible Approach

The lifecycle of a project covers all stages from feasibility study for investment through project planning, design, execution, commissioning and revamping or debottlenecking after completion. YomIndia serves its customers in flexible manner under a variety of contract schemes for each project phase. This is outcome of our ability to align ourselves with the needs of specific contract and adapt different project management practices for FEED, Engineering or Cost reimbursement contracts to conventional PMC or EPC contracts.

PRE PROJECT STAGE

- // Feasibility Study, Plant Cost Estimation
- // Detailed Project Report
- // Technology Selection, Arrangement
- // Assistance In Statutory Approvals PROJECT IMPLEMENTATION STAGE POST-PROJECT STAGE
- // De-bottlenecking
- // Optimization
- // Feasibility Study, Plant Cost Estimation
- // Detailed Project Report
- // Technology Selection, Arrangement
- // Assistance In Statutory Approvals
- // Basic Design Engineering
- // Front End Engineering Design (FEED)
- // Detailed Engineering
- // Project Management
- // Procurement or Procurement Services
- // Construction or Construction Management
- POST-PROJECT STAGE
- // De-bottlenecking
- // Optimization

SPECIALISATIONS

YomIndia, a specialist in the Manufacturing sector, is also consolidating its position in fast emerging segment. These sectors reflect the growth of a country's economy and a lot is at stake when it comes to building these National Assets. We are proud to have built some of the finest amongst them in India. With our expertise, we have proven our mettle in project execution and management capabilities across the nation.

We are able to deliver results by leveraging our engineering strengths and our ability to become one with our client.

MANUFACTURING FACILITYS:

- ▶ 1,500 sq. ft. of air-conditioned office
- ► Solid- Works Licensed copies of 3D Design software.
- Wireless Broadband
- 40 Kva UPS Backup (30 Minutes)
- Mobile rack storage system
- Unit 1 :- 28,000 sq. ft. of covered manufacturing space
- Unit 2 :- 20,000 sq. ft. of covered manufacturing space
- ► Turret Punching Machine of Amada & Yawei Make.
- Laser Cutting Facilities
- CNC Bending Facilities
- MIG/TIG/Rectifier welding stations with qualified welders
- Experienced supervision and inspection personnel for all processes
- Pneumatic and electrical hand tools for cutting, drilling, buffing operations
- Sophisticated PLC control pre-treatment facilities in both unit.
- ► Fully automatic powder coating facilities in both unit.
- Power connection Unit-1:- 100 HP & Unit-2 :- 65 HP
- Power Backup 125 Kva & 62.5 kva DG Set of Cummins Make
- Material handling, Fork-Lift of 3 Ton Capacity and storage equipment's.
- 20 HP Screw Compressor
- ► 5 Ton Overhead Crane
- Qualified welders
- Dedicated shop floor supervision
- Excellent vendor base for sub contracted work

Human Resource

YomIndia's large pool of qualified and experienced manpower covering all major disciplines is an asset that makes us stand apart from our peers. Today, our workforce is of about 300 dedicated employees inclusive of 150+ experienced engineers and talented designers from all requisite disciplines.

Our human resource is our most valuable asset. We earnestly strive to improve their engineering skills through in-house and customized training programs.

We assign our engineers and designers to various overseas locations of our group affiliates in both design offices and at plant sites. Dedicated co-working on third country projects enables our engineers to get first-hand exposure to demanding international environments and a distinct work culture.

ISO 9001:2015 C

Engineering Tools

Procurement YomIndia has its Engineering Centre and Project offices at Pune. All our engineering and project execution support departments; equipped with the latest engineering tools are always prepared to take on the challenges of mega-sized projects. Three Dimensional walkthroughs of Complex process plants enables construction groups to identify critical aspects of the projects and helps in achieving fast track completion.

Procurement

Our procurement network proves our superior supply chain management and our capability to source almost anything from anywhere across the nation. This is possible with YomIndia's presence across the nation and immaculate co-ordination amongst all the subsidiaries. We ensure that the procurement ranks high in quality and value for money. Our risk minimization methods are fairly effective in ensuring that the projects do not get delayed due to lack of resources

QUALITY CONTROL

- At Yomindia Power Pvt Ltd, business is conducted on a total quality system.
- All products are submitted to the Quality-Control personnel, who subject them to a number of tests to be able to guarantee their perfect functioning.
- Yomindia Power Pvt Ltd, is proud to have developed excellent quality management system centred on –
 - An in-depth product and process knowledge,
 - A passionate approach to customer satisfaction,
 - The development of employees
 - The company's drive for continuous improvement in all aspects of its business
- Yomindia Power Pvt Ltd, has extensive knowledge with skilful and competent staff who concentrates on custom-built products in various specialized fields.

TM

- All products are fully engineered and pre tested to meet our stringent quality control standards, thus assuring the satisfaction of our own requirements as well as easy maintenance and minimum downtime.
- Individual pre-production components are scanned and digitally evaluated by computer to check the accuracy of the tooling and machine set-up prior to the production of the jobs. During production, technicians carefully check each step of their work with calibrated inspection equipment and frequent references to blueprints and job routings with special notes that accompany each job. Technicians use 6, 8, 12, 18, and 24 in. callipers, Vernier and digital height gauges and granite surface plates located strategically throughout the production facility and in the quality assurance area.
- Our operational excellence programs, focusing on reducing costs and improving efficiencies for our customer programs, enable us to deliver industry leading quality and customer service.

We offering the Customer a **"Single Window Solutions "**through a complete in-house team and facilities monitoring the quality and processes to ensure products exceed customer expectations.

Yomindia Power Private Limited can be your trusted design and manufacturing Partner for all your turnkey & customized project/product's needs.

We at YomIndia find our inspiration in the words -

"A customer is the most important visitor on our premises. He is not dependent on us. We are dependent on him. He is not an interruption in our work. He is the purpose of it. He is not an outsider in our business. He is part of it. We are not doing him a favour by serving him. He is doing us a favour by giving us an opportunity to do so."
